# Massage Menu

## Traditional Balinese Massage

*60 Minutes*  
*IDR 1.000.000*

Bring yourself closer to relaxation in the most Balinese way. Traditional touches with combined techniques of stretching, kneading, sliding, and pressure points will bring relief to your tensed muscle and leave you breathing so very loosely. A truly great method to care your muscle pains and sleeping disorder.

## Kaveri Royal Massage

*90 Minutes*  
*IDR 1.150.000*

A great massage is all about composed relaxation. That is what we believe when we crafted the techniques of Kaveri Royal Massage. Mainly consists of soothing gentle strokes, this massage serves lighter pressure done with purest essential oils in hope of thorough physical and mental healing. This is undoubtedly something you can seek for a holistic leisure experience.

## Deep Tissue Massage

*90 Minutes*  
*IDR 1.150.000*

When your tight muscles are asking for some remedy, a muscle-relieving Deep Tissue Massage should be the cure. Treat your tensed body with massage that focuses on meridian points and muscles grouping by well-thought movements of palm, elbow, forearm, perfectly paired with soothing, stretching and long strokes along the body line.

## Hot Stone Massage

*90 Minutes*  
*IDR 1.150.000*

Heated smooth-textured stones placing on your specific body points are the key to this massage. Expect to have your body circulation increased, flexibility improved and totally loosening as the body is treated with a deep massage. You will leave your session with nothing but a contented joy of relaxed body.

## Neck & Shoulder Massage

*30 Minutes*  
*IDR 500.000*

Stiffness in the neck and shoulder area from constant activity and movement can be released with a soothing Neck & Shoulder Massage. It is combined with traditional massage of unwinding stroke to release the stress and tension on the specific points. It is also found to improve the back muscle.

## Foot Reflexology

*60 Minutes*  
*IDR 750.000*

Your body does the wonder of having these reflexology points on the feet that connects to the organs on other body parts. Through this reflexology session, you will get your points in the feet stimulated to improve other organs, work on the imbalances, and have your body health repaired. The massage is especially effective after a long, tiring activity.
